

能源基金会“中国中长期低碳发展战略”综合工作组工作进展 Introduction of EFC's Long-term Strategy Task Force and Working Progress Update

傅莎，能源基金会战略规划兼低碳转型项目主任 Program Director of Strategy & Planning and Low Carbon Economic Growth
中国 北京，2020年12月10日 Beijing China, December 10, 2020

愿景 Vision

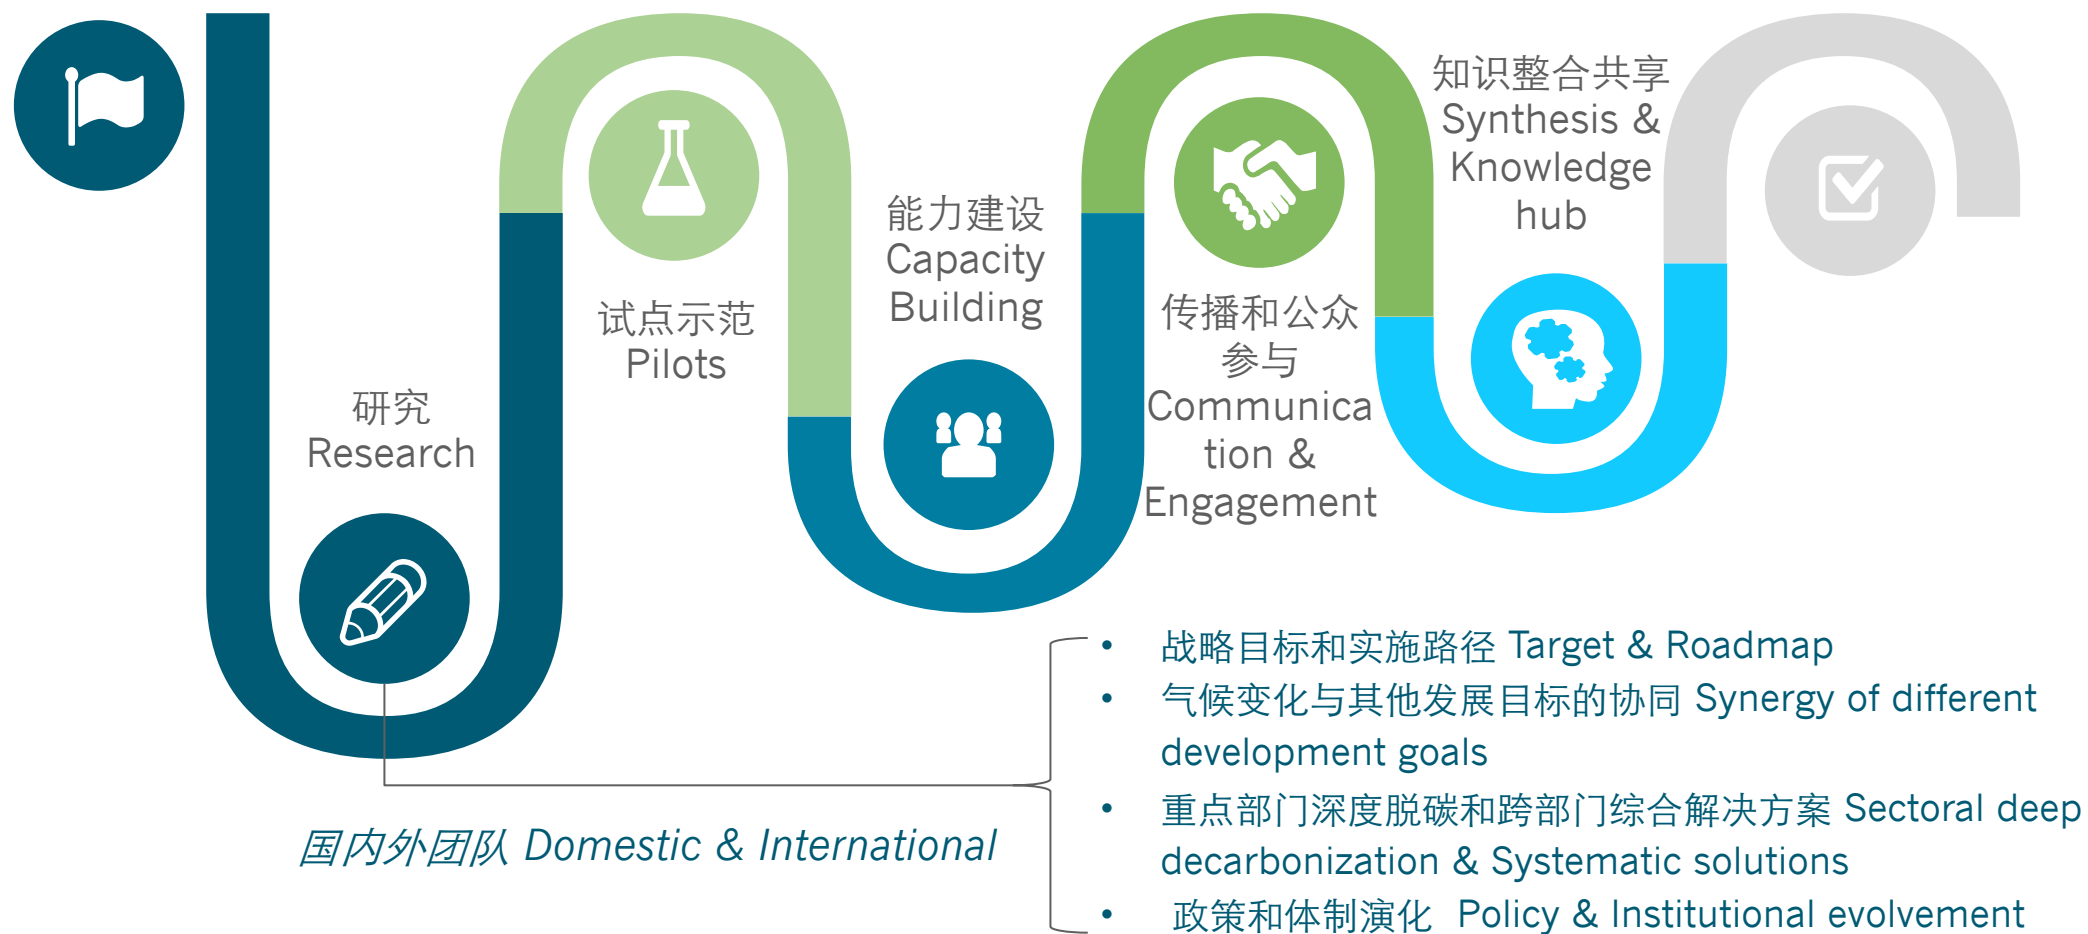

在中国寻求“多赢”的长期低温室气体排放发展路径，这应该
Pursue a Win-Win Long-Term Low-GHG Emission Development
Pathway for China, which should

与全球实现1.5° C目标的努力相一致
be in line with the global efforts to limit temperature rise to 1.5°C

与建设美丽中国的倡议和目标相一致
be consistent with the initiatives to build a Beautiful China

与经济社会高质量发展的要求相适应
be adapted to the reform of the transition to high-quality development

我们的工作方式 Our Approaches

主要工作进展 Updates on Key Activities

与清华大学气候变化与可持续发展研究院联合发起由24个研究单位参与的“中国长期低碳发展战略与转型路径研究”项目

Initiated a joint research project with Institute of Climate Change and Sustainable Development (ICCSA) at Tsinghua University on China's long-term low carbon development strategy and pathways, engaging 24 top think tanks in China.

与国际应用系统分析研究所，马里兰大学，欧盟联合研究中心、国际能源署、伦敦政治经济学院、波茨坦研究所、2050路径等广泛合作

Engaging international leading think tanks including IIASA, UMD, JRC, IEA, LSE, PIK, 2050 Pathway Platform, E3G, etc.

国际咨询圆桌会、经济学家对话、能源中国等高层论坛

International advisory roundtables & Economist Dialogues & other high-level Forums

第一份综合报告 1st Synthesis Report
